ROUND SQUARE — NEW

PENDANT

MATERIAL, PC FRAME AND PP COMPONENTS

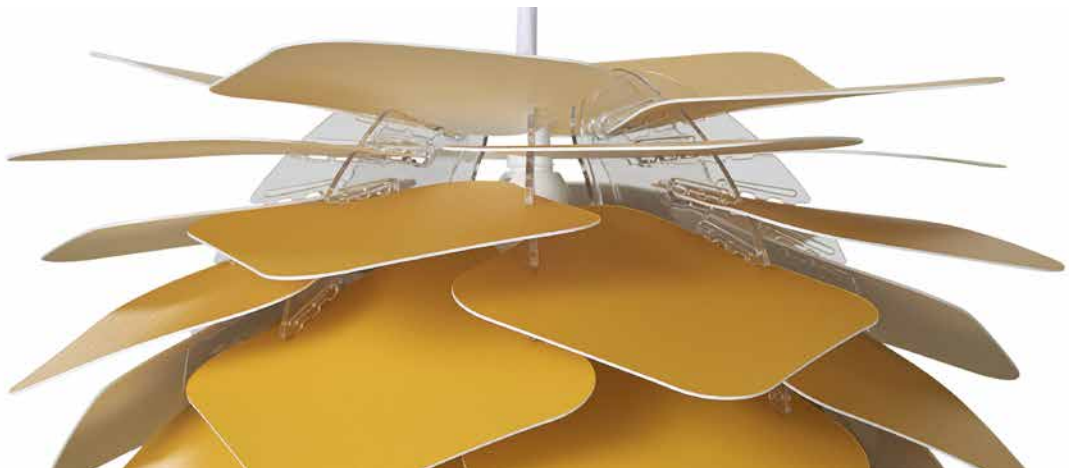

Soft shapes but at the same time square.

Our designer Frank Kerdil has wished to bring out the expression of a pineapple in this lamp, though without the sharp edges.

The pendant has a soft expression because of the rounded corners of the components and the result is a different design pendant, yet without being the only item in the room taking the attention.

The pendant fits into all interior decorations and adds character to the room.

Design: Frank Kerdil

DL20 — NYHED

PENDANT, TABLE LAMP AND WALL LIGHT
MATERIAL, METAL FRAME AND CHROME STAND

A classic range of DybergLarsen lamps, the little sister to our DL31 range. The lamps have the same classic and simple expression with the 3 shades, but with the diameter of 20 cm the lamps are easy to install and make room for and they create a beautiful light. The look is classic, which looks amazing together with different styles in interior decoration whether it is classic, modern or minimalistic.

Design: DybergLarsen

BARCELONA — NEW

TABLE LAMP

MATERIAL, METAL AND OPAL GLASS

An artistic simplicity is expressed in this DybergLarsen table lamp. A globe lamp on a brass bottom which creates a soft and comfortable light in your room. The Barcelona table lamp is elegant and yet simple and can be placed anywhere you like.

The round globe shape and minimalistic expression is a great supplement to a modern home but also a classic interior decoration.

Design: DybergLarsen

Café Paris __ NEW

TABLE LAMP
MATERIAL, METAL AND OPAL GLASS

The feeling of visiting a comfortable and nice café in the heart of beautiful Paris is almost real with this lamp. The DybergLarsen table lamp Café Paris has the classic look, which is often associated with Paris and the beautiful, old cafés where you can feel lost in the past. The lamp is suitable in many interiors and has a simple and minimalistic look with the black stand and the beautiful opal glass, which creates a soft and comfortable light in the room. Design: DybergLarsen

MOON TABLE LAMP — NEW

MATERIAL, METAL AND OPAL GLASS

Round shapes meet and create a new table lamp with a soft and pleasant expression. The lamp is a design from DybergLarsen.

The Moon table lamp is an idea created from the Paradise Naked lamp, which is completely opposite with the sharp and square look. The Moon table lamp is a unique, minimalistic and beautiful lamp with the white matt opal glass. The table lamp can be placed anywhere you like in the room and spreads a warm and nice light into the environment.

LONDON — NYHED

TABLE LAMP

MATERIAL, METAL

A Scandinavian design from DybergLarsen with an edgy and simple expression. The London table lamp has rounded shapes but also a minimalistic expression which makes it suitable for many interior decorations. The table lamp has many applications in your room and can be adjusted for your needs. The association with a lamp for the desk is not to be denied but the London table lamp is a new and simple design.

MILANO TABLELAMP

— New

TABLE LAMP

MATERIAL, METAL

The Milano tablelamp is designed by DybergLarsen. The characteristic Milano pendant is now also available as a tablelamp. The trendy and small tablelamp looks great together with the Milano pendant in the same room, but the tablelamp can also stand alone. The tablelamp spreads a good and pleasant light and with the maximum of 40 W it's very suitable as work light but is also suitable as a decorative extra light in the livingroom, beside the bed or in the window ledge.

DL39

PENDANT

MATERIAL, OPAL GLASS AND METAL

The café pendant from DybergLarsen is a harmonic and simple pendant inspired by the classic lines and the minimalistic interior decoration. The black contrast to the opal glass gives the pendant it's very own expression.

Round and soft shapes makes this lamp suitable in many rooms of the house or even shops and restaurants.

HATTRICK

PENDANT

MATERIAL, STEEL WITH CHROME TOP AND
PORCELAIN LIGHT

This pendant is perfect for a home where the desire is for a beautiful light but also the need for a trendy pendant.

In this case Hat Trick will be the right choice. The shape of the lamp is instantly recognisable and with the association of the bowler hat it will put a smile on your face.

MOMENTUM

PENDANT
MATERIAL, METAL SHADE, TEXTILE WIRE AND
PORCELAIN SOCKET

The classical pendant for the workshop, can be used in all rooms. The lamp is mounted with a porcelain socket which gives the possibility to use a light source with a high voltage. The pendant is unique in its way because of the silicone ring mounted on the socket. This can be set as desired and gives every pendant a unique look.

FRANK KERDIL

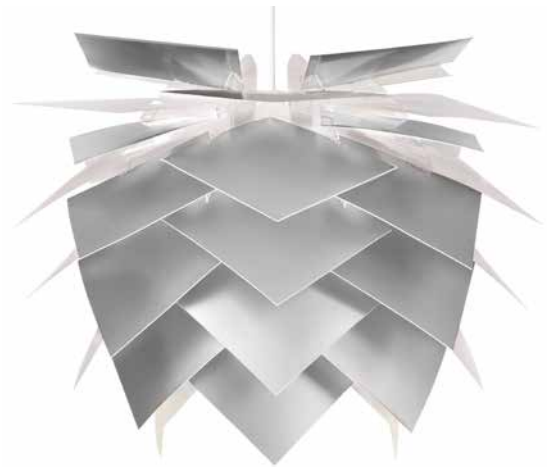

Since Frank Kerdil was educated as a designer he has used his creative expertise within a number of different areas, ranging from creative concept and strategy solutions to graphic design, interior and product design.

He has received numerous national and international awards for his work, and some of his designs are sold at world famous museums like Museum of Modern Art in New York.

Moreover, Frank Kerdil is one of the most widely used Danish designers in China.

About his approach, Frank says: "When more of the same is not enough", meaning that there must be a reason for making a new design. Either the shape, function, choice of material or production method must be special. Frank does not accept that "what was good yesterday, is also good today", just because continuity cannot be broke

KERDIL 212

— "MADE IN DENMARK"

PENDANT

MATERIAL, ACRYLIC FRAME AND PP COMPONENTS

Pendant will be supplied with anti-static cleaning cloth and Rosetta® ceiling rose.

The designer Frank Kerdil has been inspired by the PineApple shape when he created this lamp.

A beautiful pendant which is perfect above the dining table, because of the wide and low shape.

The pendant produces a pleasing light and the light is shed softly and comfortably in the room.

TORUS — "MADE IN DENMARK"

PENDANT

MATERIAL, ACRYLIC AND PP COMPONENTS

The Torus pendant is a new and exciting design from DybergLarsen. Our designer Frank Kerdil has designed this beautiful lamp. The inspiration comes from the old well-known round geometrical shape Torus, maybe better known as a doughnut. The lamp is weaved and assembled in our own production in Denmark. We are proud that yet again we can introduce a "Made in Denmark" product.

CLEANING AND MAINTENANCE

We recommend all DybergLarsen lamps to be cleaned with an antistatic cloth to avoid any damage on the products.

Glass and metal lamps can be cleaned with a damp cloth. Regarding Copper look, Alu look and Gold look no detergents must be used for cleaning - only a dry cloth.

Accessories

Rosetta, Ceiling Rose

Material, ABS plastic

Rosetta ® is an adjustable ceiling rose, which with a little twist can slide along the cable to fit angles from 0 to 45 degrees.

Rosetta® ceiling rose can be mounted without tools, the cable goes through the silicone part and is ready to be mounted on the ceiling or on a sloping wall up to 45 degrees. Simple and easy to mount and with a clean finish towards the ceiling.

Can be mounted from 2 mm to 6 mm textile wire.

WE ARE DEDICATED TO DO IT DIFFERENTLY

Our design philosophy is to create products with a clear Scandinavian expression. Simple, easy to understand, beautiful, pure and hopefully with an "edge" to make it different.

With every Dyberg Larsen light we have created a product with a WOW factor, whether it be the expression of the lamp, the function, material, use or the method of production.

The founder Thomas Dyberg Larsen has since 2011 designed and produced lights in our own factory in Nørre Aaby, Denmark, in cooperation with the designer Frank Kerdil. The lamps were a part of the agency Dyberg-Larsen for the first 5 years, but in 2016 Dyberg Larsen became an independent company with design and production of lights.

Today our lights are sold in Denmark and other European countries and we are focusing on further growth in the export market.

Frank Kerdil from Funen in Denmark, who has designed the greatest part of our lights, has for more than 15 years designed lights, kitchen tools, bowls, candleholders and other functional utility items and has also designed light for us since 2011. Frank's approach to a new product is to research and to find a product which fulfills the thought of creating something unique and different to what is already available on the market. There is no reason to create something new if we just repeat ourselves. Frank is educated as a graphic designer and within advertising, beyond that he is also active in China with his own range of products.

The first light, Magazine from Dyberg Larsen, was shown on the Formland fair in autumn 2011. After only 2 months the first light in the PineApple range with white PP shades were introduced and this is the light which really started the adventure and formed the basis of the many lights to follow in the range.

General sales and delivery details

The general terms and conditions of sale and delivery shall apply except when an amendment is specifically approved by DybergLarsen Denmark in writing.

Warranty

Lamps are warranted from defects in material and workmanship for two (2) years from the original purchase date. The warranty excludes any damages or defects caused by abuse of this product or its use for a purpose other than the product was originally intended for.

Delivery

All goods are supplied from Denmark and delivered with an agreed upon forwarder. Drop ship deliveries are available to end users at a charge of the price agreed with DybergLarsen. All sales and delivery is on risk and cost of the buyer. DybergLarsen cannot be held responsible for any delay in the delivery time and in particular when it is due to strike, transportation, problems with sub-suppliers, force majeure and other unpredictable happenings in general.

Payment

Payment is 30 days trading account available on request and once a credit check is approved, unless something else is agreed upon in writing with DybergLarsen. DybergLarsen has the right over the property of the goods until due invoices are paid in full. If payment is not made within due time then a surcharge of currently 2% will be charged per month and a fee of 18,- GBP will be added for each written reminder. For customers buying for the first time, minimum order amount is 300,- GBP

Prices

The pricelist replaces any previous price list and is valid for all goods delivered by DybergLarsen Denmark unless something else has been agreed upon in writing. All prices are in GBP. Prices always refer to a single item. We take the liberty to increase prices despite written order confirmation. Offer and order value might change before delivery if there is any official raise in the GBP currency, cost prices or public taxes. DybergLarsen cannot be held responsible for errors in the pricelist - such as wrong prices, misprinting or changes in prices or texts.

Claims

In case of production defects then the claim has to be sent in writing at the latest 5 days upon receiving the defect goods. No goods will be accepted as return goods unless there is a previous written agreement with DybergLarsen Denmark. Return goods should always have a delivery note attached, which explain the reason for returning the goods. Goods will only be credited if they are received undamaged and in original packaging.

If some parcels are missing upon receipt of the shipment or if goods are damaged in transportation the buyer has the responsibility to notify this immediately to the forwarding agent or according to the forwarders conditions for missing or damaged goods.

Return goods

Return goods must be shipped to:
DybergLarsen
Fabriksvej 1
5466 Asperup
