PRODUCT SPECIFICATION

6-11

BOXES

12-17

COLOURS

LIGHT STRINGS PER STANDARD BOX:

Alternative 1:	18 pcs. of 20-lights (minimum of 3 boxes per colour)
Alternative 2:	12 pcs. of 35-lights (minimum of 3 boxes per colour)
Alternative 4:	9 pcs. of 20-lights 6 pcs. of 35-lights

BACKORDER ITEMS OR INCOMPLETE ORDERS:

If items are out of stock or the order is not complete with a correct number of boxes, we reserve the right to fill up the carton with other Irislights boxes. We will try to choose already ordered colors when possible.

Backorders will be delivered when the products are back in stock as long as they fill a full standard carton. If the backorder contains only a few items then they will be delivered with the next order.

PAYMENTTERMS:

If you are a new customer we ask for prepayment with your first order. Existing customers may pay by invoice 30 days net after approved credit assessment. Home Structures owns the goods until full payment has been made. If credit limit is exceeded we may ask for prepayment.

Home Structures Sweden AB reserves the right to withhold goods when the credit limit has been exceeded or if any previous invoices have expired.

IRISLIGHTS BRAND:

Irislights shall under no circumstances be sold under a different name or trademark.

LAMPSHADES

Lampshades can be ordered separately if sent with other items. The lampshades are delivered folded for transport. A large balloon and instructions are included when ordering lampshades. You will also require a spray bottle and clothes pegs.

WHAT IS INCLUDED IN THE IRISLIGHTS BOX:

When you purchase an Irislights box, it contains loose cotton balls, a lightstring and instructions on how the customer should assemble the light string.

COLORS IN THE BOXES:

Sometimes a color is out of stock and in those circumstances we may replace it with a similar color. Therefore, small color differences may occur in the boxes from time to time.

LIGHTSTRINGS AND BULBS:

Irislights are sold with LED lights that has an estimated burning time of 50,000 hours. The bulbs are replaceable and sold only through Irislights retailers so we strongly recommend that retailers stock these. For the light string to work properly the small marks on the bulb and light socket must be facing each other and all bulbs need to be fully inserted into the light socket.

If a bulb is broken the remaining bulbs on the light string will still work but the bulb needs to be replaced as soon as possible to prevent the light string from short-circuiting.

Bulbs and light strings are produced in China and CE approved.

COTTON BALLS:

Irislights balls are handcrafted and produced using cotton and polyester yarn and eco-friendly glue. Made in Thailand.

WARRANTY & COMPLAINTS:

Because Irislights balls are handmade and small differences in size and shape may occur and will not be approved as a complaint.

The warranty for the light string is 2 years. This does not apply to the bulbs which are replaceable

If a light string is broken, we will replace it with a new light string. Before filing a complaint regarding a broken light string we kindly ask you or your customer to test the light string by removing and reinserting the light bulbs in the socket. If a bulb isn't properly connected to the lightstring it will not work.

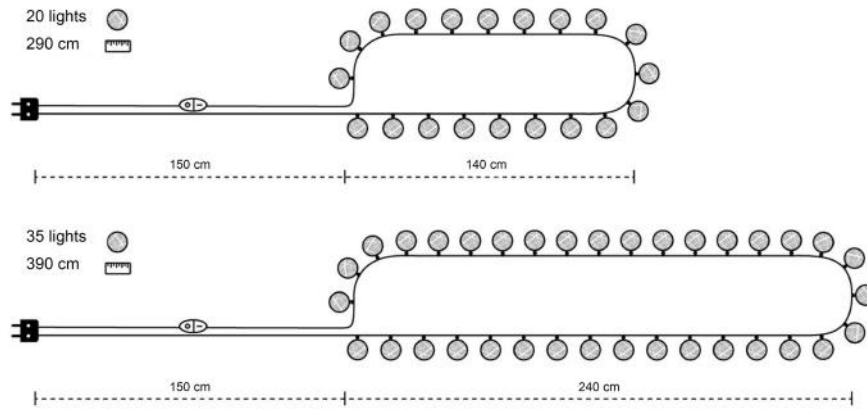

We do not replace the complete box - only the light string.

The pricelist is valid until 31st of July 2018.

Home Structures Sweden AB reserves the rights for any missprints in the pricelist.

Home Structures Sweden AB reserves to right to correct prices due to currency changes.

MEASUREMENTS LIGHT STRINGS:

ELECTRICITY SPECIFICATION:

Light strings:

LED 230v - 50Hz. Max: 3.99W 3v/0.015A IP20

MEASUREMENTS BOXES:

20 Balls
