Our values

Danish identity

Founded in 1994 by Danish entrepreneur Michael Waltersdorff at just 18 years old, Halo Design embodies the essence of Danish craftsmanship and innovation. We take pride in our heritage, which is reflected in the quality of our lamps.

Functionality

We design our lighting solutions with everyday life in mind, integrating practical features that make them not only beautiful but also useful. Our goal is to create lighting that adds value by improving how people interact with their spaces.

Nordic design

Rooted in Nordic traditions, our design philosophy blends classic elements with a modern touch. This approach ensures that our lighting solutions are timeless yet fresh, making them stand out in a global market.

Value for money

We believe that great design should be accessible. By balancing aesthetics with practicality, we deliver high-quality lighting at a price that offers true value. Our commitment is to make well-designed products available to a wide audience.

Lighting shapes how we perceive our surroundings and significantly impacts our mood. We believe that creating a positive and cozy atmosphere requires the right lighting to help people feel at ease.

Modern technology allows us to deliver customizable, energy-efficient lighting that can enhance emotional well-being. For this reason, our lamps are designed to be both functional and technically advanced, seamlessly integrating into any space to create a true sense of home.

Solar

The Solar range of portable lamps features a solar panel that fully charges in 10 hours of sunlight or via USB-C in just 3-4 hours.

Three adjustable light levels are effortlessly controlled using the elegant brass pull switch.

NEW

Designed by Michael Waltersdorff

Solar Portable Table Lamp

Terracotta

Art. 801428

Size: Ø17, H19 cm
Material: Plastic, metal
Color: Terracotta, brass, opal
Light: 2.700K LED 1,2 Watt, dimmable
Battery: 2.000 mAh (8 hours), USB-C
Outdoor: yes, IP54

Solar Portable Table Lamp

Dark Green

Art. 801411

Size: Ø17, H19 cm
Material: Plastic, metal
Color: Dark green, brass, opal
Light: 2.700K LED 1,2 Watt, dimmable
Battery: 2.000 mAh (8 hours), USB-C
Outdoor: yes, IP54

Solar Portable Table Lamp

Black

Art. 801404

Size: Ø17, H19 cm
Material: Plastic, metal
Color: Black, brass, opal
Light: 2.700K LED 1,2 Watt, dimmable
Battery: 2.000 mAh (8 hours), USB-C
